

shower tray
COLLECTION

A Great British company producing great British products

For over 20 years Kudos have designed and manufactured high quality showering products, our 2022 collection brings together innovative design, functionality and value, helping you to create the perfect solution for your bathroom. From doors and enclosures through to shower trays, wet-room systems and over-bath screens, whichever Kudos product you choose you can be sure of getting a great British product from a Great British company.

The difference is in the detail

Every Kudos product has been hand built by craftsmen who have an enduring passion for design and an abiding commitment to quality. All covered by the Kudos lifetime guarantee* our extensive product range should provide the ideal solution for your needs, if not, then consider Kudos Signature, our bespoke shower solution tailored to your exact requirements.

*See website for details.

Kudos connect2 shower trays in stunning slate effect slip resistant finish with an anti-microbial additive for improved hygiene

shower tray collection

All structures are only as good as the foundations on which they are built and that is never more true than with shower enclosures. But despite this the choice of shower tray is often overlooked with more time spent focusing on the shower door or screen. The fact is that correcting an issue with an enclosure is relatively easy but if a fault develops with the tray it is often a major problem. So choosing the right shower tray is the single most important decision you can make when creating your dream shower.

The Kudos range of shower trays are designed in-house, manufactured in our own UK factories and have a reputation for outstanding quality and value for money. They provide the perfect foundation for the perfect shower and are backed by the Kudos Lifetime Guarantee for complete peace of mind.

All Kudos trays feature an acrylic capped ABS surface material for durability and increased resistance to impact damage, all are supported by a resin bonded stone filler for incredible stability. With 2 choices of design, Kstone or connect2, both in a choice of high gloss or a slip resistant matt finish in a large number of shapes and sizes. In addition the connect2 option is also available in a stunning slate effect finish.

connect²

shower trays

The stunning looking connect2 is a uniquely designed shower tray featuring two offset waste positions that ensures an obstruction free connection. Whether square, rectangular or quadrant - whatever the size, the connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray onto a plinth.

Features

- + Available in three finishes:
 - High Gloss,
 - SR finish (slip, scratch, stain resistant)
 - Slate effect
- + Unique design avoids the need to cut joists or lift the tray onto a plinth
- + Guaranteed to work with all standard joist sizes and spans
- + Structural resin bonded stone filler for increased stability
- + Super slim at only 35mm high
- + Supplied with a reinforced colour matched waste cover that is magnetically secured, comfortable underfoot and is easily removed for cleaning
- + Supplied with a dedicated high flow waste
- + Covered by the Kudos Lifetime Guarantee

connect²

shower trays

High Gloss

The high gloss acrylic capped ABS skin is durable as well as being resistant to impact damage and staining.

SR Finish

Slip, Scratch & Stain Resistant

connect2 SR Trays feature the latest development in surface material which exceeds all EU standards for barefoot bathing. The slip resistant properties are embedded in the material, rather than a coating on the surface, meaning it cannot be removed and is comfortable to stand on. The textured surface provides a high level of scratch and stain resistance ensuring that your tray maintains a pristine appearance throughout its lifetime.

Slate Effect

connect2 slate effect trays feature an exclusive surface pattern taken directly from a piece of local slate for a truly authentic finish whilst maintaining the features and benefits of the acrylic surface material. It is both slip and stain resistant and also contains an anti-microbial additive to inhibit the growth of microbes including bacteria and mould.

A revolution in shower tray design

The unique design of the connect2 tray ensures obstruction free waste connection irrespective of joist position or direction.

connect2 trays are supplied with a high flow waste and a blanking plug secured with solvent weld (not supplied) to block the unused waste hole.

connect2 trays are supplied with a stylish colour matched linear waste cover, magnetically secured and reinforced for comfort and stability underfoot.

Whether square, rectangular or the quadrant - whatever the size, the connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray onto a plinth.

Where joists run parallel to the width of the tray, at least one hole will always be clear.

Where joists run parallel to the length of the tray and both holes are obstructed, simply turn the tray 180°. The unique offset position will ensure both will become free.

With the unique connect2 design even Quadrant and the Kudos unique Full Curve shape trays have the ability to avoid joists.

connect²

shower trays

Waste Locations

Square & Rectangular shower trays

Position of waste holes relative to the centre of each tray. **All sizes: A - 95mm B - 100mm**

Quadrant & Full Curve shower trays

Position of waste holes in relation to the 90° angle corner.

All sizes: A - 336mm B - 142mm C - 275mm

Kstone

shower trays

Manufactured in our own UK factories and covered by a lifetime guarantee, Kstone trays are made from the highest quality materials with a structural resin bonded stone filler to provide incredible stability.

Kstone shower trays are available in rectangular, square, quadrant and offset quadrant shapes - in a wide range of sizes.

Features

- + Available in both High Gloss and SR Finish (slip, scratch, stain resistant)
- + Slim design at only 45mm high
- + Structured resin bonded stone filler for increased stability
- + Suitable for 90mm waste (supplied separately)
- + Extensive range of shapes and sizes available
- + Covered by the Kudos Lifetime Guarantee

High Gloss

The high gloss acrylic capped ABS skin is durable as well as being resistant to impact damage and staining.

SR Finish

Slip, Scratch & Stain Resistant

Kstone SR Trays feature the latest development in surface material which exceeds all EU standards for barefoot bathing.

The slip resistant properties are embedded in the material, rather than a coating on the surface, which means it cannot be removed and is comfortable to stand on. The textured surface provides a high level of scratch and stain resistance ensuring that your tray maintains a pristine appearance throughout its lifetime.

FLEXI SEAL

for a perfect, watertight finish.

Flexi-Seal fits between the edge of the tray and any abutting wall. It provides a flexible seal behind the tiles or wall panels avoiding any issues caused by potential grout or silicone failure.

Flexi-Seal uses a combination of durable flexible rubber with a waterproof butyl based adhesive to give maximum protection where the shower tray meets the wall.

As the rubber is flexible, it will maintain a watertight seal whilst allowing for a certain amount of movement that is inevitable, particularly in new builds.

Description & Codes

Description	Product Code
Flexi-Seal 2m	KFS2
Flexi-Seal 3m	KFS3
Flexi-Seal 4m	KFS4

Shower Tray Leg Sets

All Kudos Shower Trays are designed to be fitted to either a wooden or concrete floor and should be fully supported. They can be raised off the floor by using a moisture proof board (min. 18mm) supported on a Kudos leg set (as shown in illustrations) or a timber structure. Leg sets are available in packs of 5 or 9 to suit all tray sizes.

Optional decorative Fascia Covers are available to match the material of Kudos Trays (see opposite page).

Description & Codes

Description	Product Code
Leg Set Pack of 5 for trays under 1200mm in length	165246
Leg Set Pack of 9 for trays over 1200mm in length	163872

Creating a raised plinth and fascia for Kudos shower trays

Creating a Fascia Panel

Straight Edge (Square & Rectangular) Trays

A Fascia panel can be created using a moisture resistant material (not supplied) which can then be painted, tiled or alternatively covered with a Kudos Acrylic Decorative Fascia Cover to match the tray material.

Full Curved & Bow Fronted Trays

Fascia panels for Full Curve or Bow Fronted trays require a flexible moisture material such as marine plywood, which can either be painted, tiled with mosaics or covered with a Kudos Decorative Acrylic Fascia Cover to match the finish of the tray.

Creating a Fascia Panel for Kudos Quadrant Trays

The shape of Quadrant trays require the Fascia board material to be manufactured with machined cuts to enable the plinth to follow the shape of the tray. Kudos Quadrant Fascia Board is pre-machined for this purpose.

This can then be painted, tiled or covered with a Kudos Acrylic Decorative Fascia Cover.

Fascia Covers

Description	Product Code
Decorative Acrylic Fascia Cover 1200mm High Gloss Finish	168653
Decorative Acrylic Fascia Cover 1800mm High Gloss Finish	161491
Decorative Acrylic Fascia Cover 1200mm Matt SR Finish	163321
Decorative Acrylic Fascia Cover 1800mm Matt SR Finish	164758
Pre-machined cut flexible Plinth Fascia for Quadrant Trays	162136

Note:

In all cases the Acrylic Decorative Fascia Cover is not to be used without a suitable Fascia board.
