

Specifications

Quality is all about detail and whichever enclosure you choose you'll find real attention has been paid to every aspect of design, function and finish.

Please note: All measurements are approximate and subject to change without prior notification. All product images are for illustration only and subject to change without prior notification.

Frames

Our elegant aluminium frames are available in two distinctive finishes. Choose from anodized polished silver or a clean white powder coated finish. All enclosures, doors and screen heights are measured from the top of the tray or bath.

Choose from Polished Silver Anodized or White Powder Coated finish

Concealed fixings: Classic Semi-Frameless: Walk In (including side and end panels), and Shower Screen.
Coastline Collection: all products except Alassio.
Bath screens: SS100/105

Semi-Frameless Cover Caps

Safety Glass

In cheaper enclosures it's often the quality of the glass which suffers. Our products are sculpted from toughened glass, approved to BSI EN12150-1 in a range of thicknesses (see product pages).

Toughened Safety Glass

Handles

Smart and practical loop type handles in matching Chrome Plate / White Powder Coat are fitted to all semi frameless products.

A new option loop handle is now available for Classic Semi-Frameless products. See pages: 29, 31, 33, 35, 39, 41, 43, 45, 47, 49, 61.

Die-cast Chrome Bow Handles (Coastline Collection)

Flexibility

Many of our products can be made available in special heights and widths. Please contact Lakes Bathrooms for more details.

Extension Profiles

Our high quality extension profiles can be used to bridge gaps in non-standard sized openings (detailed on relevant product pages).

LEP – Aluminium Extension Profile for the Classic Ranges

LK8LEP – Aluminium Extension Profile for the Coastline Frameless and Island Ranges

8HLEP – Aluminium Extension Profile for the Coastline Semi-Frameless Range

Optional Ceiling Bracing Kits

LKSS-C150: Available for Classic Collection Walk-In (p.57) and Shower Screen (p.59).
W10-040: Available for Coastline Collection Cannes (p.89) and Marseilles (p.93).

Doors and Seals

All our doors are fitted with an easy glide mechanism. All sliding doors in the Classic and Coastline semi-frameless ranges feature roller bearings and clips, which are adjustable to allow for fine tuning of door alignment and clip out to allow for easy cleaning.

Magnetic seals feature across the Classic & Island Collection as well as the Valmiera and Malmo models in the Coastline Collection Semi-Frameless Range, whilst the remainder of this range utilises a discreet cushion-fit seal.

PureVue^{HD} Glass Imagery

Imagery has been retouched to accurately portray the colour difference between 10mm PureVue^{HD} glass and standard float glass under daylight conditions.

Additional Strength

Bracing arms provide additional support, strength and safety for all double panel bath screens and our elegant Walk In and Shower Screen enclosures.

Adaptability

For the perfect finish every enclosure has an adjustment for out of true walls built into each wall profile. The full range of tolerance is shown in the dimensions chart on each page.

Versatility

To match your room design the majority of enclosures, doors and bath screens are designed for left or right hand fitting. However, please consult Lakes Bathrooms before ordering to ensure compatibility with site conditions.
